

The Flex Base Plate is an extension for the Flex Airline Stand, ensuring a stable stance through the enlarged footprint. Four screws realize a stable and secure connection. The designated recesses facilitate a direct and effortless assembly. The use of aluminum as the material allows for lightweight and convenient transport.

**Recommended Configuration\*:**

Flex Airline Stand: 1x Astera Ax2 – 100

Flex Airline Stand + Flex Base Plate: 2x Astera Ax2 – 100

Flex Airline Stand + 80x80 cm floor plate (29 cm spacing): 3x Astera Ax2 – 100
